

STARTUP CULTURE CODE

AN OPERATING CODE FOR STARTUPS

Culture is the product every startup builds for itself.

Startup Culture Code is an open-source framework that helps startups make culture explicit, usable, and reusable.

Created from lived startup practice.

— THE SEVEN PRINCIPLES —

WHO IT'S FOR

FOUNDERS

Use it to shape intentional culture from day one.

TEAMS

Use it to align decisions, behavior, and priorities.

CONTRIBUTORS

Fork it, adapt it, and add what your context teaches you.

OPEN-SOURCE FRAMEWORK

This framework is open-source. Reuse, translate, and improve with attribution.

Reuse freely.
Give credit.
Make it better.

SOURCE REPO (FORKABLE)

The canonical source lives in a public GitHub repo.

- Fork it.
- Improve it.
- Send it back.

A living framework.
Evolves with practice.
